It’s cold, flu and RSV season in Alaska. RSV is a virus that causes the common cold and other respiratory illnesses.

RSV is especially hard on young children.

Remember, even if you are not sick, you can spread the germs at home or when you travel.

**Help RSV!**

**STOP THE SPREAD**

(Respiratory Syncytial Virus)

Stay home if you’re sick
Avoid close contact with others.

Cough in your sleeve or use tissue
— then wash your hands

Wash your hands
for 30 seconds in hot soapy water
— or use hand sanitizer
